HEY

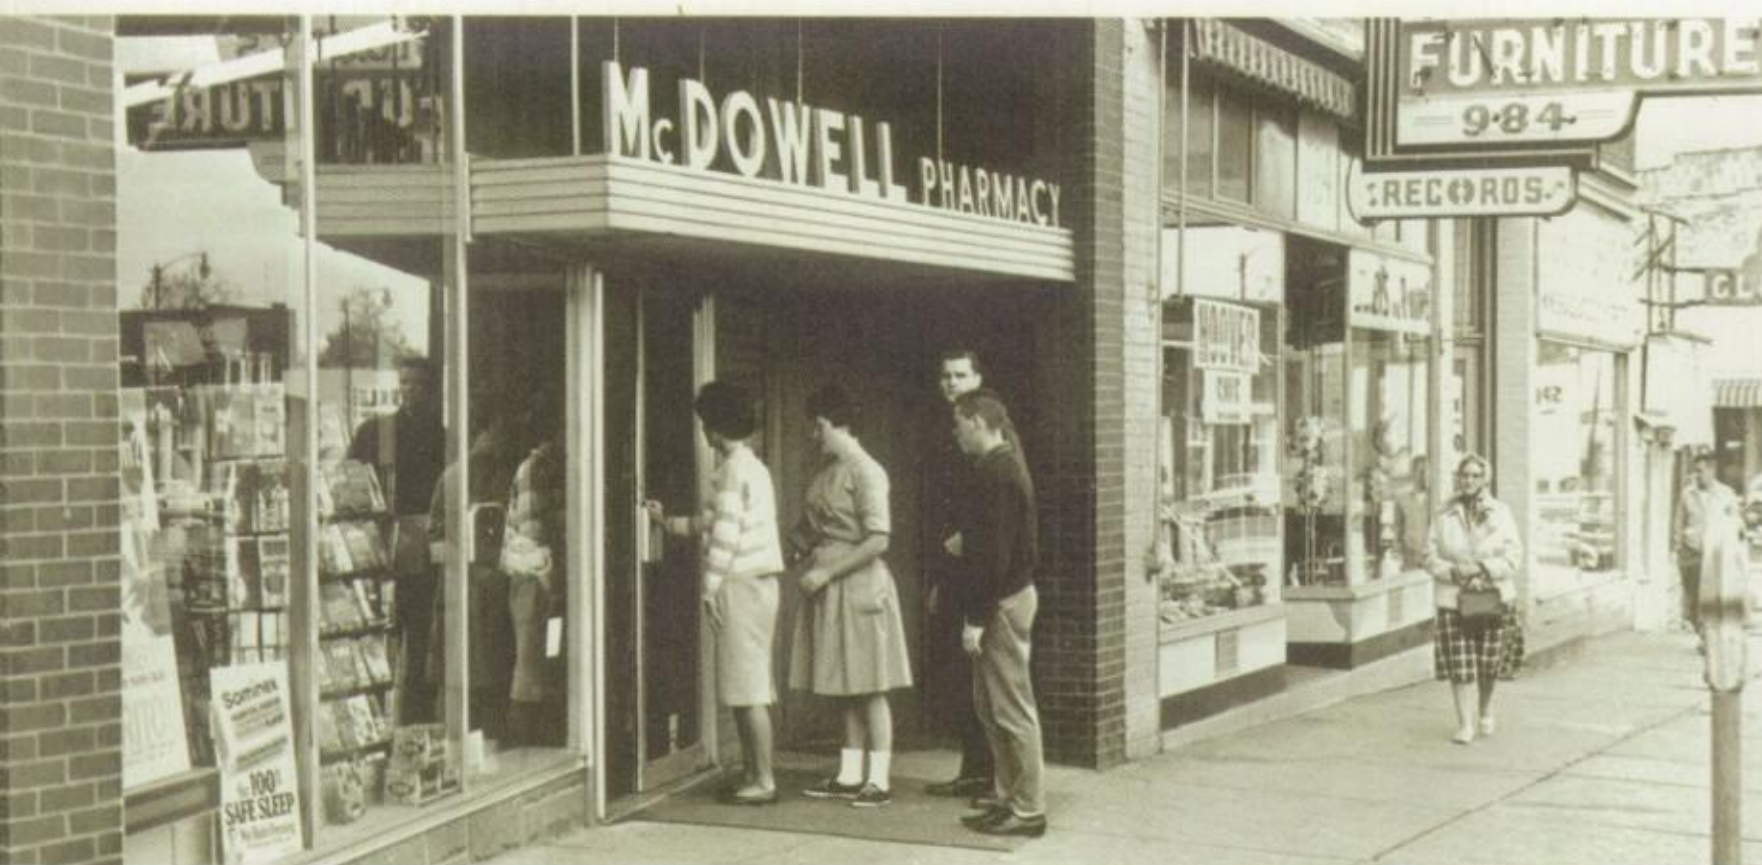

# LOOK US OVER...

## I N THE COMMUNITY

*Hey, look us over  
Lend us an ear,  
Fresh out of clover  
Mortgaged up to here.*

Our varied academic schedules expand to the business and social life of the community where we learn to meet and deal with people. As citizens of tomorrow, we will understand our duties better because we have participated in the functions of our community.

Perhaps our fondest memories in years to come will be of the hallowed, crowded halls of K.H.S., the noise and gaiety of the cafeteria and the wonderful spirit that rose from the bleachers in every pep assembly.

## A T SCHOOL

*Well, don't pass the plate folks  
Don't pass the cup,  
We figure whenever you're down and out  
The only way is up.*

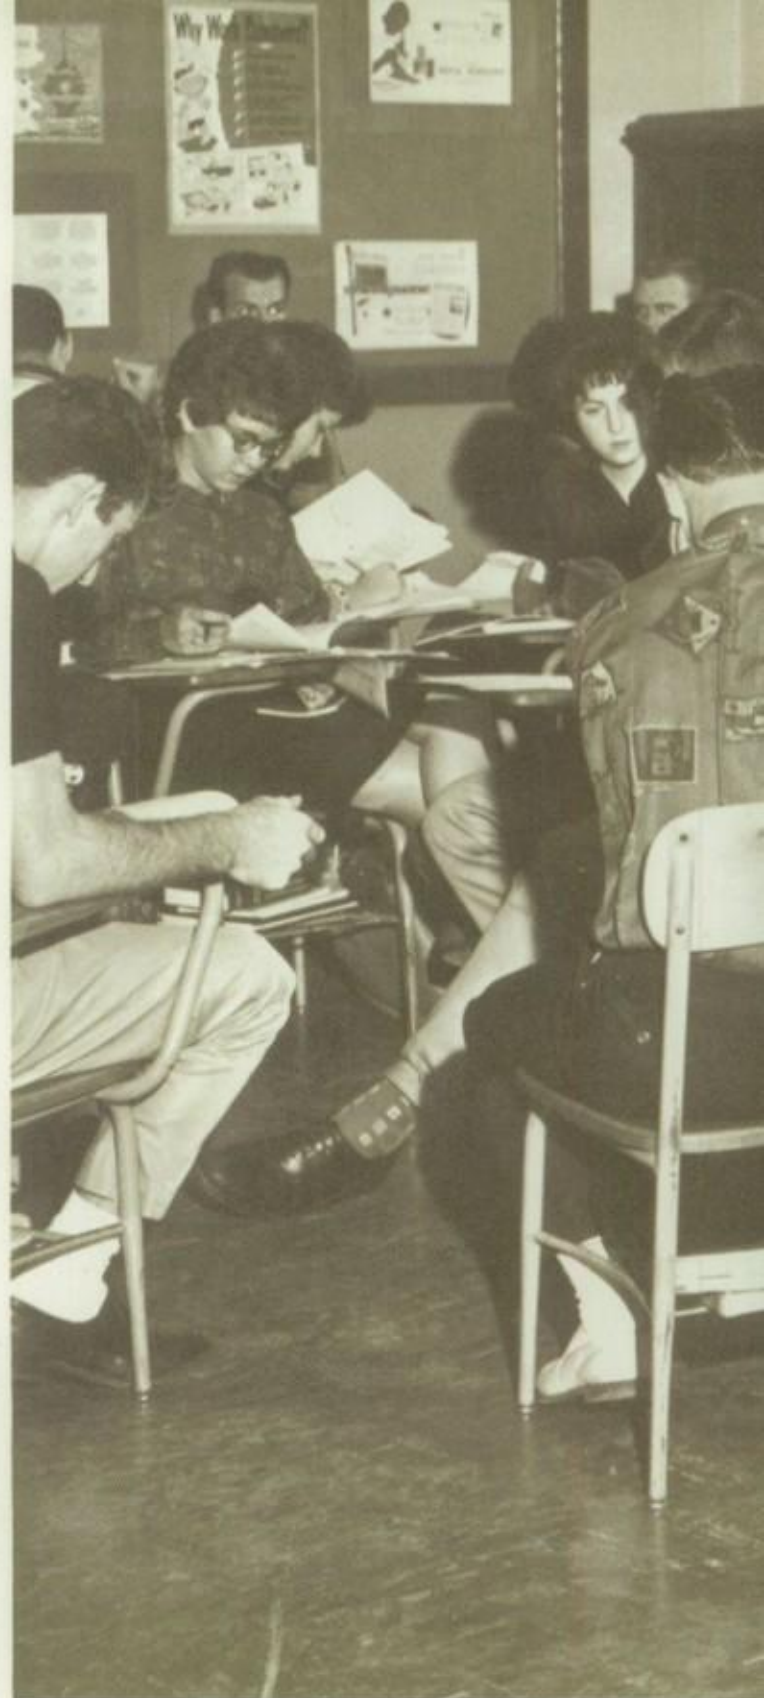

# A T WORK

*And we'll be up like a rosebud  
High on the vine,  
Don't thumb your nose, Bud  
Take a tip from mine.*

Of course, anything worth attaining requires work, and Cardinals know this axiom well. Whatever the vocation, we can be sure of equal opportunity and adequate training.

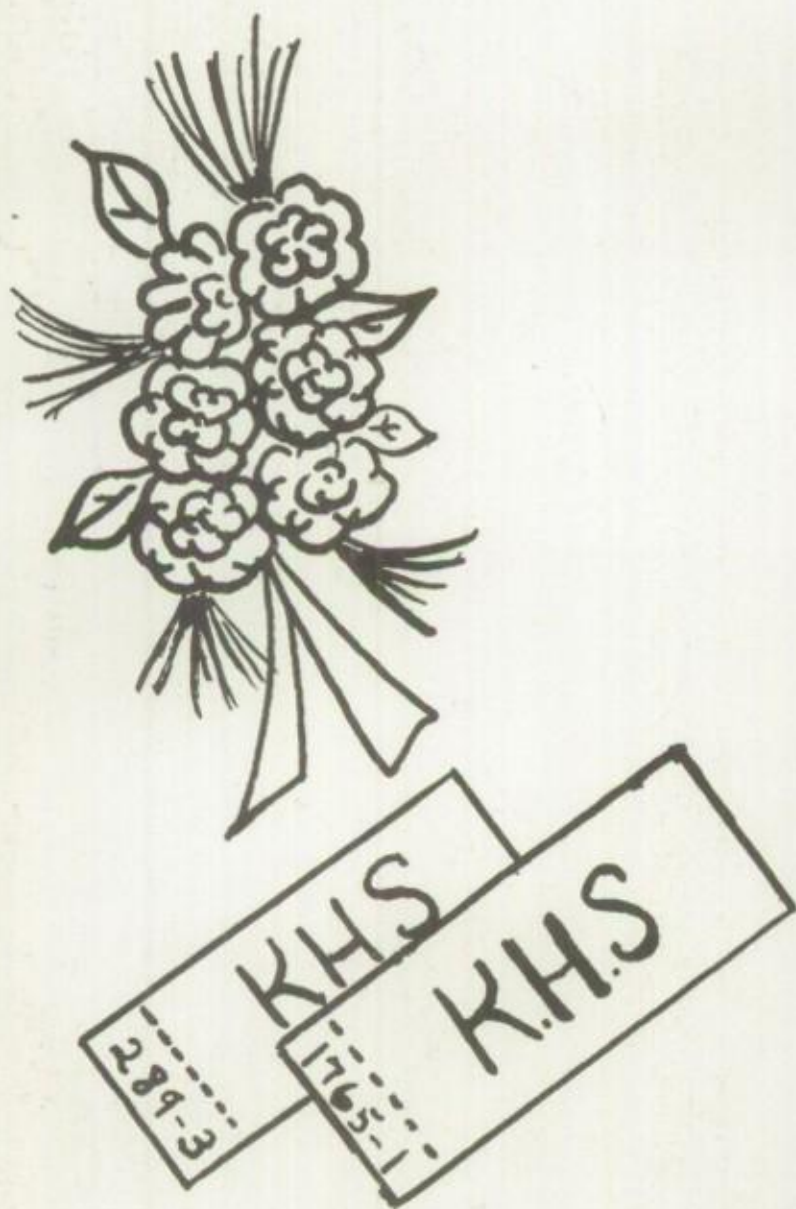

## A T PLAY

*A little bit short of the elbowroom  
But let us get you some,  
And look out world, here we come.*

We have our share of recreation. These activities help make us the well-rounded, typical teenagers that we are. And we take full advantage of them!

Betty

A really sweet and wonderful girl who has been a lot of fun to know. I hope you will always be happy and successful. We have had a lot of fun together and I hope we have a lot more. Good luck with that certain person. I hope all your ambitions and desires are fulfilled. You deserve the best and I hope you get it.

Bonnie.

## WHO ARE WE

Who are we, or could it be said what are we? Here are a few obvious characteristics about us that will help distinguish our species. First, we range from grades 8-12 we all have certain interests and abilities and most all of us wear red and black on Fridays. Of course, we vary in size and shape, and have varied personalities, but in one thing we meet on common ground: We all attended a great high school where we are known as CARDINALS. Who are we? . . .

# COUNSELORS

Seniors:

Congratulations in completing a major step in the fulfillment of a happy life. As you continue onward in your adventures, it is my hope that you will be able to carry with you an understanding of man's basic responsibilities to man and a realization that good in the world can be achieved through work and high ideals.

The challenging future is your inheritance, and we at Kenmore trust that the experiences gained here will assist you in tomorrow's competition.

You have my personal best wishes.

Charles W. Bryan

Congratulations Seniors:.

For some of you school is out; for others, graduation is a steppingstone to further education. Each of you has prepared himself for this day. If you have chosen your course wisely, if the counselors have guided you well, then the future remains a challenge, no matter which direction your pathways lie. Today new vistas welcome you. We trust you are ready to meet them.

Grace Speck

Congratulations Class of 1963:

You have completed another step towards becoming an educated individual. Many more steps are ahead and I hope you will reach as high a level as your potential permits.

# HERE WE ARE . . . . .

Serving as weights on the scales of Character is our job. For we are the social life at Kenmore, and we must balance with scholastic achievement our mental, physical, and emotional development to make well-rounded personalities possible. We prepare students for their roles in life by introducing them to the task of getting along with others and the art of group cooperation. Working together to achieve common goals is nothing foreign to our members. We help to make many lasting friendships and play a big part in building school-spirit. We're the activities of Kenmore, and joining our ranks are Cardinals who are active in sports, clubs, and organizations, and those elected by their classmates to serve as royalty.

QUEEN VICKI CLINCH

## 1963 VALENTINE COURT

On February ninth of sixty three,  
 'Twas Kenmore's "Valentine Fantasy."  
 From eight to eleven, with the crowning at nine,  
 'Mid red and white hearts and cupids that shine.  
 When King Gary Bishop tried kissing his Mom,  
 He leaned over too far and toppled his crown.  
 The couples all danced the evening away,  
 To the beautiful music of leader Al Day.

Mr. Ralph Vitt, Director.

To be in the Kenmore High School marching band requires not only a talent for playing, but a great deal of stamina as well.

Certainly the week they spend at band camp in August is not purely for entertainment purposes. Then, of course, there are those chilly mornings at the field, while rehearsing for shows, when frozen feet and hands are not uncommon. Their schedule also includes several parades throughout the year.

Is it worth all the money and time spent? Yes, without a doubt — because they're the BEST band in the city!

Miss M. Haynes, Director

We compose the only class that will continue working after the bell rings for lunch! We often get so involved in our singing that we do not notice the time. More is required of us than a talent for singing for we must be able to concentrate, follow directions, and above all we must be interested in our work. We are a select group who has closer ties than the fact that we all wear robes — we're the Kenmore Senior Choir.

Many people do not understand the functions of the Athletic Council therefore we are going to try to explain them to you. They determine a policy for all the athletic programs of Kenmore. They approve a budget for the coaches, oversee athletic budget and are responsible for the approval of inter-scholastic sports. The council is made up of all head coaches and their assistants, athletic manager, sponsor of newspaper, school treasurer, two faculty members, principal, and assistant principal.
